

Mezzanine::AttachableBase

```
classDiagram
    class MezzanineAttachableBase["Mezzanine::AttachableBase"]
    class MezzanineAttachableChild["Mezzanine::AttachableChild"]
    class MezzanineParticleEffect["Mezzanine::ParticleEffect"]
    MezzanineAttachableChild --|> MezzanineAttachableBase
    MezzanineParticleEffect --|> MezzanineAttachableChild
```

The diagram illustrates a class hierarchy. At the top is a dashed box containing the text 'Mezzanine::AttachableBase'. Below it is a solid box containing 'Mezzanine::AttachableChild'. At the bottom is another solid box containing 'Mezzanine::ParticleEffect'. A vertical arrow points from the top of the 'Mezzanine::AttachableChild' box to the bottom of the 'Mezzanine::AttachableBase' box. Another vertical arrow points from the top of the 'Mezzanine::ParticleEffect' box to the bottom of the 'Mezzanine::AttachableChild' box.
