

Mezzanine::ManagerBase

Mezzanine::Singleton< CollisionShapeManager >

Mezzanine::CollisionShapeManager

```
classDiagram
    class ManagerBase["Mezzanine::ManagerBase"]
    class Singleton["Mezzanine::Singleton< CollisionShapeManager >"]
    class CollisionShapeManager["Mezzanine::CollisionShapeManager"]
    ManagerBase <|-- Singleton
    ManagerBase <-- CollisionShapeManager
```

The diagram illustrates the relationship between three classes in the Mezzanine library. At the top, two boxes represent 'Mezzanine::ManagerBase' and 'Mezzanine::Singleton< CollisionShapeManager >'. A horizontal line with upward-pointing arrows at both ends connects these two boxes, indicating a relationship. Below this line, a third box represents 'Mezzanine::CollisionShapeManager'. A vertical line descends from the center of the horizontal line to the top of the 'Mezzanine::CollisionShapeManager' box, indicating that this class inherits from or is associated with the base class.
